## OMNITEL VODAFONE : CELL PHONE RECHARGING BY INSTALLMENT WITH THE FINDOMESTIC BANCA'S CARTA AURA

*Milan, September 24, 2001* - Omnitel Vodafone offers its clients the opportunity to recharge cell phones through the Call Center of the Findomestic Banca, the Italian leader in consumer credit, by using Carta Aura (Aura circuits, Aura-Visa, Aura-MasterCard).

The agreement with Findomestic Banca allows Omnitel clients to pay for recharging by installment via credit card for the first time.

The service became operative at the beginning of September, 2001 and allows maximum monthly recharging of Lit. 400,000 per card, which can also be used by the same Aura cardholder on three pre-paid Omnitel card numbers.

To recharge, Omnitel clients wishing to use their Carta Aura should call the Findomestic Call Center at 055/3232190. An automatic operator will guide callers through the necessary stages and the recharge will then be authorized and available.

Clients can purchase a recharge via IVR Findomestic, including from abroad, by calling +39 055-3232190. Credit remaining on the sim is updated exactly as if the client were in Italy.
